

Distracted Driving (cont'd.)

What about Hands Free?

At least 25 studies have proven that using a hands-free device is not safe.

State Texting Bans

No such thing as “multitasking” - driving and talking on a phone require the brain to switch back and forth between these tasks.

Texting Text

- Texting while driving = 6 times more likely to result in an accident than driving while intoxicated.
- Texting while driving causes a 400 percent increase in time spent with eyes off the road.

Executive Order 13513 October 1, 2009

FEDERAL LEADERSHIP ON REDUCING TEXT MESSAGING WHILE DRIVING

Prohibits federal employees from texting behind the wheel while working or while using government vehicles and communications devices.
